

IF I INCREASE THE DROPS PER SERVING, WILL I HAVE ENOUGH TO COMPLETE THE SIX-WEEK PROGRAM?

Probably not, in the "servings per day" sense. However, the objective of the Cardio Renew program does not, strictly speaking, hinge on the number of days or weeks in the program. The goal is to ingest the full contents of all three bottles of Cardio Renew. If you increase or decrease the number of drops per serving, or servings per day, it will alter the length of time needed to completely ingest the contents of the bottles. But, again, the goal of the Cardio Renew program is to finish all three bottles, regardless of how long it may take.
